## **DETAILED ACTION**

Claims 35-40 and 44-59 are pending. Claims 48-59 are withdrawn for reason of record. Claims 35-40 and 44-47 are under consideration.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action. This Office action contains new grounds of rejection.

### ***Specification, Withdrawn***

The objection of the specification is withdrawn in view of the amendment.

### ***Claim Rejections - 35 USC § 102, Withdrawn***

The rejection of claims 35, 37, 38 and 40 under 35 U.S.C. 102(b) as being anticipated by Wollin et al., Radiother Oncol. 1989 Jul;15(3):285-93, abstract only with this Office action is withdrawn in view of the amendment..

### ***The Following Are New Grounds of Rejection***

### ***Claim Rejections - 35 USC § 112***

Claims 35-40 and 44-47 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. This is new matter rejection.

The newly amended base claim now says that the claimed invention is composition comprising proliferation-incompetent LnCap, PC3, or DU145 cells engineered to express GM-CSF. The specification as originally filed has support for autologous or allogeneic GVAX which is engineered to express GM-CSF. Note Figs 2-

8. However, the specification as originally filed does not have support for LnCap, PC3, or DU145 cells engineered to express GM-CSF.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
